**WINTER**

- Mike Walsh will be the director of winter workouts. In all likelihood moving forward, everyone in the program will be included. Part of your program fee and deposit will be towards instruction. You may or may not take advantage of it.
- Workouts will be either at Extra Innings or Hops.

**FALL BASEBALL.**

- Evaluation for Junior and Senior Legion as well as 15U baseball clubs
- Our program expects anyone who plays fall baseball to commit to being part of the summer program should you be chosen to. We do not allow you to play AAU baseball in the fall or summer on junior and senior legion. We understand 15u players play and should play little league and all stars. We encourage it.
- Some players will be asked for deposits by the first of the year while others will continue to be evaluated through high school and college seasons. Some players may be selected during the high school/college seasons for program participation.
- Fall ball is usually one weekend Doubleheader and one practice during the middle of the week. We are looking to play at one college showcase this fall. Number of participants will determine age divisions for fall league play.
- Participation in the Autumn Baseball League

**2019**

- Senior team is looking to participate in Alaska Invitational where powerhouse programs from all over the country attend each year. All major legion programs have attended this tournament at some point.
- Potentially looking to host a junior and senior tournament.
